NO	YES	POSITIVE	10 days isolation + 24 hours fever free without meds and symptoms improved. <u>Quarantine</u> siblings, household members and close contacts.

\*Test status: documentation of negative test results must be provided before entry to school.

\*\*People with positive test results will be contacted by the state Department of Health and contact tracing will be done.

\*\*\* If an alternate diagnosis has been determined by a health care provider, a note that includes the date and contact information for the provider must be provided before entry to school.

^^Start date of quarantine is determined by last date of exposure to a positive or untested person. For families who are not able to isolate from everyone else at home, this may be after the ill person completes their 10 days of isolation.

†For persons opting to not get tested, they will be treated the same as the scenario for a person who has tested positive. Do not need to quarantine if tested positive in the last 90 days unless new symptoms appear.
